

ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

E. D. Washington, son of Booker T. Washington, is on a trip through the state to secure funds for Tuskegee institute, of which his father is the head.

Ernest L. Nolin, aged 22 years, was quite badly injured in Brattleboro Saturday, when he fell from a roof. His back received the shock of the fall and it is possible that a bone fracture was caused.

The condition of Joseph Sucofsky, who was shot by a sentinel as he was trying to escape from Fort Ethan Allen Oct. 28, does not improve. He is semi-conscious and the right side is entirely paralyzed. He will probably never recover.

A dinner in honor of the 43d marriage anniversary of ex-Governor and Mrs. John A. Mead was given at the home of their son-in-law, Carl B. Hinsman, in Rutland Saturday, the guests including only the immediate relatives of the family because of the recent illness of Mrs. Mead.

According to a record of the rainfall in different parts of New England, kept by H. H. Goodnow, chief engineer of the Massachusetts department of health, Burlington has the distinction of having the smallest average rainfall in New England for a long period. The wettest place in New England is the top of Mount Washington.

Almon Robinson has shot another bear. Up to Saturday he had killed but nine this year, but a small trap set for a bobcat in West Wardsboro caught a tenth on Saturday, which weighed 120 pounds and which dragged the trap about a mile before the hunters found it. William Duncan and Frank Gould, Jr., caught a black bear in one of their traps in South Wardsboro Nov. 1. It weighed about 200 pounds.

Frank A. Remington is spending his spare time at his home in Bennington in the manufacture of imitation deer heads. These are constructed with a pine block foundation covered with canvas stuffed to lifelike proportion. Imitation eyes are sunk in the wood and the horns are an excellent production of knife carving. The whole is then tinted brown, white and black and the effect from a few feet is extraordinary. Mr. Remington is making a border of the heads to go around the top of his hall, no two of which are alike.

The fern-picking season in southern Vermont is at an end, over 60 cars of them having been sent from Bennington since the season opened. The continued cutting of the ferns is said to be rapidly depleting the supply and it is estimated that if the picking continues for five years more the particular kind of fern used in floral work will be extinct from this part of the country.

A Vermonter in Authors' League.

Prof. Arthur W. Beach, head of the English department of Norwich university, has been elected to full membership in the Authors' League of America, Inc. Only writers of recognized ability are admitted to the league, and the qualifications of candidates are passed upon by a committee of which Rex Beach, Owen Johnson, George Barr McCutcheon and Samuel Merwin are members. The president of the league is Winston Churchill, and the vice-president is Theodore Roosevelt. Professor Beach is Vermont's only representative. He is a son of Mrs. C. N. Moran of Brattleboro.

Professor Beach, who is a graduate of the Brattleboro high school, class of 1905, and of Middlebury college, class of 1909, began writing while in college, contributing to Lippincott's Magazine, Munsey's, Ainslee's, Leslie's Weekly and a number of others. Since then he has written for those and for The Independent, Collier's Weekly, Smart Set, Sunset Magazine, National Overland, Pearson's, Adventure, New Story Magazine, New England Magazine, Blue Book, Craftsman, Delicater, Woman's Magazine, Ladies' World, Motest Magazine, Christian Endeavor World, Epworth Herald, and other periodicals making a total of from 75 to 100 publications. In the list are some of the leading newspapers, including the New York Sun, New York Times, Boston Globe, New Orleans Times-Democrat, Los Angeles Times, Buffalo Express and others. The matter contributed has been prose, verse and articles, and some of his poems have been set to music.

The minister of a small Missouri town called the grocer on the telephone the other day and gave him the following order:

"Send a dollar's worth of meat out to my house. If there is no one at home, just poke it through the keyhole."—Harper's Weekly.

Corn Limpers! Use "Gets-It" and Smile!

Corns Come Right Off, Clean and Quick!

You Needn't Limp, or Fuss with Your Corns Any More!

What's the use of spending a good time for yourself by limping around with fierce corns? It's one of the easiest things in the world, now, to get rid of them. "Gets-It"!

"These Corns Come Right Off, Clear As a Whistle, by Using 'Gets-It'!"

It does it the new way. That's why "Gets-It" has become the corn remedy of America, the biggest selling corn remedy in the world, preferred by millions. Do you remember that toe-eating salve you tried, that sticky tape, that toe-binding bandage, the scouring you did with knives, razors and scissors? Well, now, forget them all. No more fussing, no more pain. Whenever you use simple, easy "Gets-It," the corn is doomed, sure. So is every callous, wart or bunion. Never cut corns or calluses, it makes them grow that much faster and increases the danger of blood poisoning. No cutting is necessary by using "Gets-It." Use it to-night and end your corn existence.

"Gets-It" is sold by all druggists, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

Farm Agency in Charge of New Man.

Stephen L. Billings, for six years employed as local manager of the E. A. Strout farm agency at Randolph, goes to Essex Junction to take charge of the branch office of the Strout farm agency. Mr. Billings has had a very wide experience in handling country property. He is a man who is well and favorably known in Randolph as well as in Sharon, where he was born and grew to manhood. He is a brother of Fred O. Billings, representative of the Strout farm agency at Sharon, and who was representative from his town in the last legislature. Under the management of S. L. Billings, the business of the E. A. Strout farm agency will be handled in a satisfactory and creditable manner.

Thinks Hughes Out of Question.

Talk of Justice Hughes as a presidential candidate to be drafted by the next Republican convention still goes on and is likely to until after the convention has met and named the ticket. In this situation note is to be made of a report which came to The Republican from a reliable source. This report is that some time ago when there was mention of Justice Hughes, he not only declared publicly his intention not to permit his name to be used, but sent a private telegram to Senator Root declaring that even if the convention should nominate him (Hughes) and adjourn hoping that he could thus be induced to accept the nomination, the convention would have the task of meeting again and naming some one else.—Springfield Republican.
